This is a GameGuru horror game with all the features you would expect: Frustrating map layout, complete darkness, and the whole game is just a key hunt. You can see more about what the game is like and what I think of it, if you need to know more than you can see on the store page, but there really isn't much to it:

https:///www.youtube.com//watch?v=mvi7Lw_hMn0. You will do lot laugh... you will cry... by end, you just might turn into a psychopathics, too!

It's crap, but it's the best 2 bucks I've spent in a while. Freaking hilarious!. This game changed my life. Voice acting: 10/10

Graphics: 10V/10

Story: 10\/10

Level Design: 9.8\/10

All in all this best horror game!. In a world where horror games are bland and obviously manufactured as cheap cash grabs Psychopathics stands an obvious cut above the compition.

With its captivating blend of atmoshpere and psychological thrills words truely cannot do this masterpiece of a horror game justice.

Surely you must play for yourself to experience horror previously unmatched.

Bravo sir, must play 10V10. WILL YOU COME ALIVE ... OR WILL YOU DEAD???

PSYCHOPATHICS! THE TERRIFY HORROR GAME NOW ON STEAM!
